

March 27, 2020

Local EMS Agencies,

Penn Medicine Lancaster General Health will conduct regular temperature screenings of all EMS and wheelchair transporters that utilize the Lime Street entrance beginning this Saturday, March 28.

This step adds an additional layer of safety for our existing hospital patients, our clinical teams and patients that you are transporting to and from the hospital.

Updated information for all EMS Agencies can be found on our website at LGHealth.org.

If your agency has questions, please contact Brian Casson at 717-544-5879, or brian.casson@penntermedicine.upenn.edu

Thank you for all that you do for our patients and community, and for your remarkable resilience as we continue to face this unprecedented challenge together.

Sincerely,

Stacey Youcis
Chief of Hospital Operations
Penn Medicine Lancaster General Health

Carla Leed
Administrative Director
Emergency Department & Trauma
